## If you're in the UK and your leave expires between 24 January 2020 and 31 May 2020

Your visa will be extended to 31 May 2020 if you cannot leave the UK because of travel restrictions or self-isolation related to coronavirus (COVID-19).

You must request an extension by updating your records with the Coronavirus Immigration Team (CIT) (<https://gov.smartwebportal.co.uk/homeoffice/public/webform.asp?id=199&id2=5C97E7>) if your visa is expiring and you cannot leave the UK at present but are not planning to stay in the UK in the long term.

## If you're applying to stay in the UK long-term

You can apply from the UK to switch to a long-term UK visa until 31 May 2020. This includes applications where you would usually need to apply for a visa from your home country.

You'll need to meet the requirements of the route you are applying for and pay the UK application fee.

This includes those whose leave has already been automatically extended to 31 March 2020.

You can apply online. The terms of your leave will remain the same until your application is decided.

## Application and Service Centres in the UK

UK Visa and Citizenship Application Centres (UKVCAS) and Service and Support Centres (SSCs) are temporarily closed because of coronavirus (COVID-19).

You cannot book an appointment.

### If you've already made an appointment

If you've already made an appointment to attend a UKVCAS or an SSC, you will be contacted to be informed that it has been cancelled. You'll be advised when you can book a new appointment.

Your immigration status in the UK will not change as a result of you not being able to attend an appointment.

### If you are on a Tier 1 Entrepreneur visa and your business has been disrupted

You no longer need to employ at least 2 people for 12 consecutive months each. The 12 month period you are required to employ someone for can be made up of multiple jobs across different months.

Time when your employees were furloughed will not count towards the 12 month period.

If you have not been able to employ staff for 12 months in total by the time your visa expires, you will be allowed to temporarily extend your stay to give you time to meet the requirement.

These arrangements will continue for applications made after 31 May 2020, where the jobs you are relying on were disrupted due to COVID-19.

### If you've applied for a Tier 4 visa and are waiting for a decision on your application

You can start your course or studies before your visa application has been decided if:

- your sponsor is a Tier 4 sponsor
- you have been given a confirmation of acceptance for studies (CAS)
- you submitted your application before your current visa expired and you show your sponsor evidence of this
- the course you start is the same as the one listed on your CAS
- you have a valid Academic Technology Approval Scheme (<https://www.gov.uk/guidance/academic-technology-approval-scheme>) (ATAS) certificate if required

If your application is eventually rejected as invalid or refused you must stop your course or studies.

### If you've applied for a Tier 2 or 5 visa and are waiting for a decision on your application

You can start work before your visa application has been decided if:

- you have been assigned a Certificate of Sponsorship (CoS)
- you submitted your application before your current visa expired and you show your sponsor evidence of this
- the job you start is the same as the one listed on your CoS

If your application is eventually rejected as invalid or refused your sponsor will stop sponsoring you and you must stop working for them.

### If you need more information about the measures in place for students and their sponsors

You can read detailed guidance on the temporary measures in place for Tier 4 sponsors, their students and short-term students in response to the COVID-19 outbreak

(<https://www.gov.uk/government/publications/coronavirus-covid-19-tier-4-sponsors-migrants-and-short-term-students>).

## If you're working for the NHS

Some NHS workers and their families will get their visas automatically extended (<https://www.gov.uk/tier-2-general/extend-your-visa#visa-extensions-for-NHS-workers>) because of coronavirus.

## Changes to the current restrictions on the number of hours you can work or volunteer

There is no longer a limit on the number of hours you can work or volunteer each week if you work for the NHS as a doctor, nurse or paramedic and you are a:

- tier 4 student
- tier 2 worker and your NHS job is a second job
- visiting academic researcher
- holder of a short-term visa and are permitted to volunteer

If you're a pre-registration nurse in the UK, the deadline for you to sit the Occupational Structured Clinical Examination (OSCE) has been extended to 31 December 2020.

## If you're outside the UK

All UK Visa Application Centres (VACs) are closed. For updates to the status of VACs in your country, contact:

- TLS contact (<https://uk.tlscontact.com>) if you're in Europe, Africa and parts of the Middle East
- VFS global (<https://www.vfsglobal.co.uk>) for all other countries

In some areas UKVI cannot send visa vignettes across borders and routes due to restrictions.

If you have an appointment and the VAC is now closed, you'll be contacted and told your appointment will not take place.

English Testing Centres are also affected. Visit the International English Language Testing System (IELTS)'s website (<https://www.ielts.org/news/2020/covid19-information-for-our-global-test-taker-community>) or contact your test centre for more information.

## Getting your documents

Due to worldwide border, travel and public health restrictions it may not be possible to return your passport at this time.

If you have submitted your passport and would like it returned, you must contact the visa application centre where you logged your application to see if courier return is available in your location.

## British nationals abroad who need to apply for a passport

If your country's VAC is closed, you won't be able to apply for a British passport. If you urgently need to travel to the UK, you can apply for an emergency travel document (<https://www.gov.uk/emergency-travel-document>).

## If you are applying for a Global Talent, Start-up or Innovator visa

If your endorsement from an endorsing body has expired because you have not been able to travel to the UK you may still be eligible for a visa. You should make your application as planned and we will consider all applications on a case by case basis.

## Coronavirus Immigration Help Centre

If you have immigration queries related to coronavirus, please email the Coronavirus Immigration Help Centre.
