Are you - or someone you know - planning to apply for OISC registration?

Live in, or near, Birmingham?

We are running another two of our popular seminars at the ibis near Birmingham New Street station, for potential applicants covering the main elements of the application and assessments

process, including completing the application form and competence assessments.

The seminar is completely free of charge and sessions get filled very quickly, so register as soon as possible to guarantee a place!

- The morning seminar starts at 9.30am.
- The afternoon seminar starts at 12.30pm.
